Dear *Shri Mahajan*, *Namaste*,

I have gone through contents of your letter. No doubt, drugs is the major menace afflicting today's society. I am very happy that you are actively involved in anti-drugs campaigns.

I also congratulate you for your efforts to upgrade the Centre from 30 beds to 50 beds.

Your demand for release of funds through MPLAD for your Centre has also received my attention, and soon I shall visit your Centre to take a decision.

With regards

Yours sincerely
